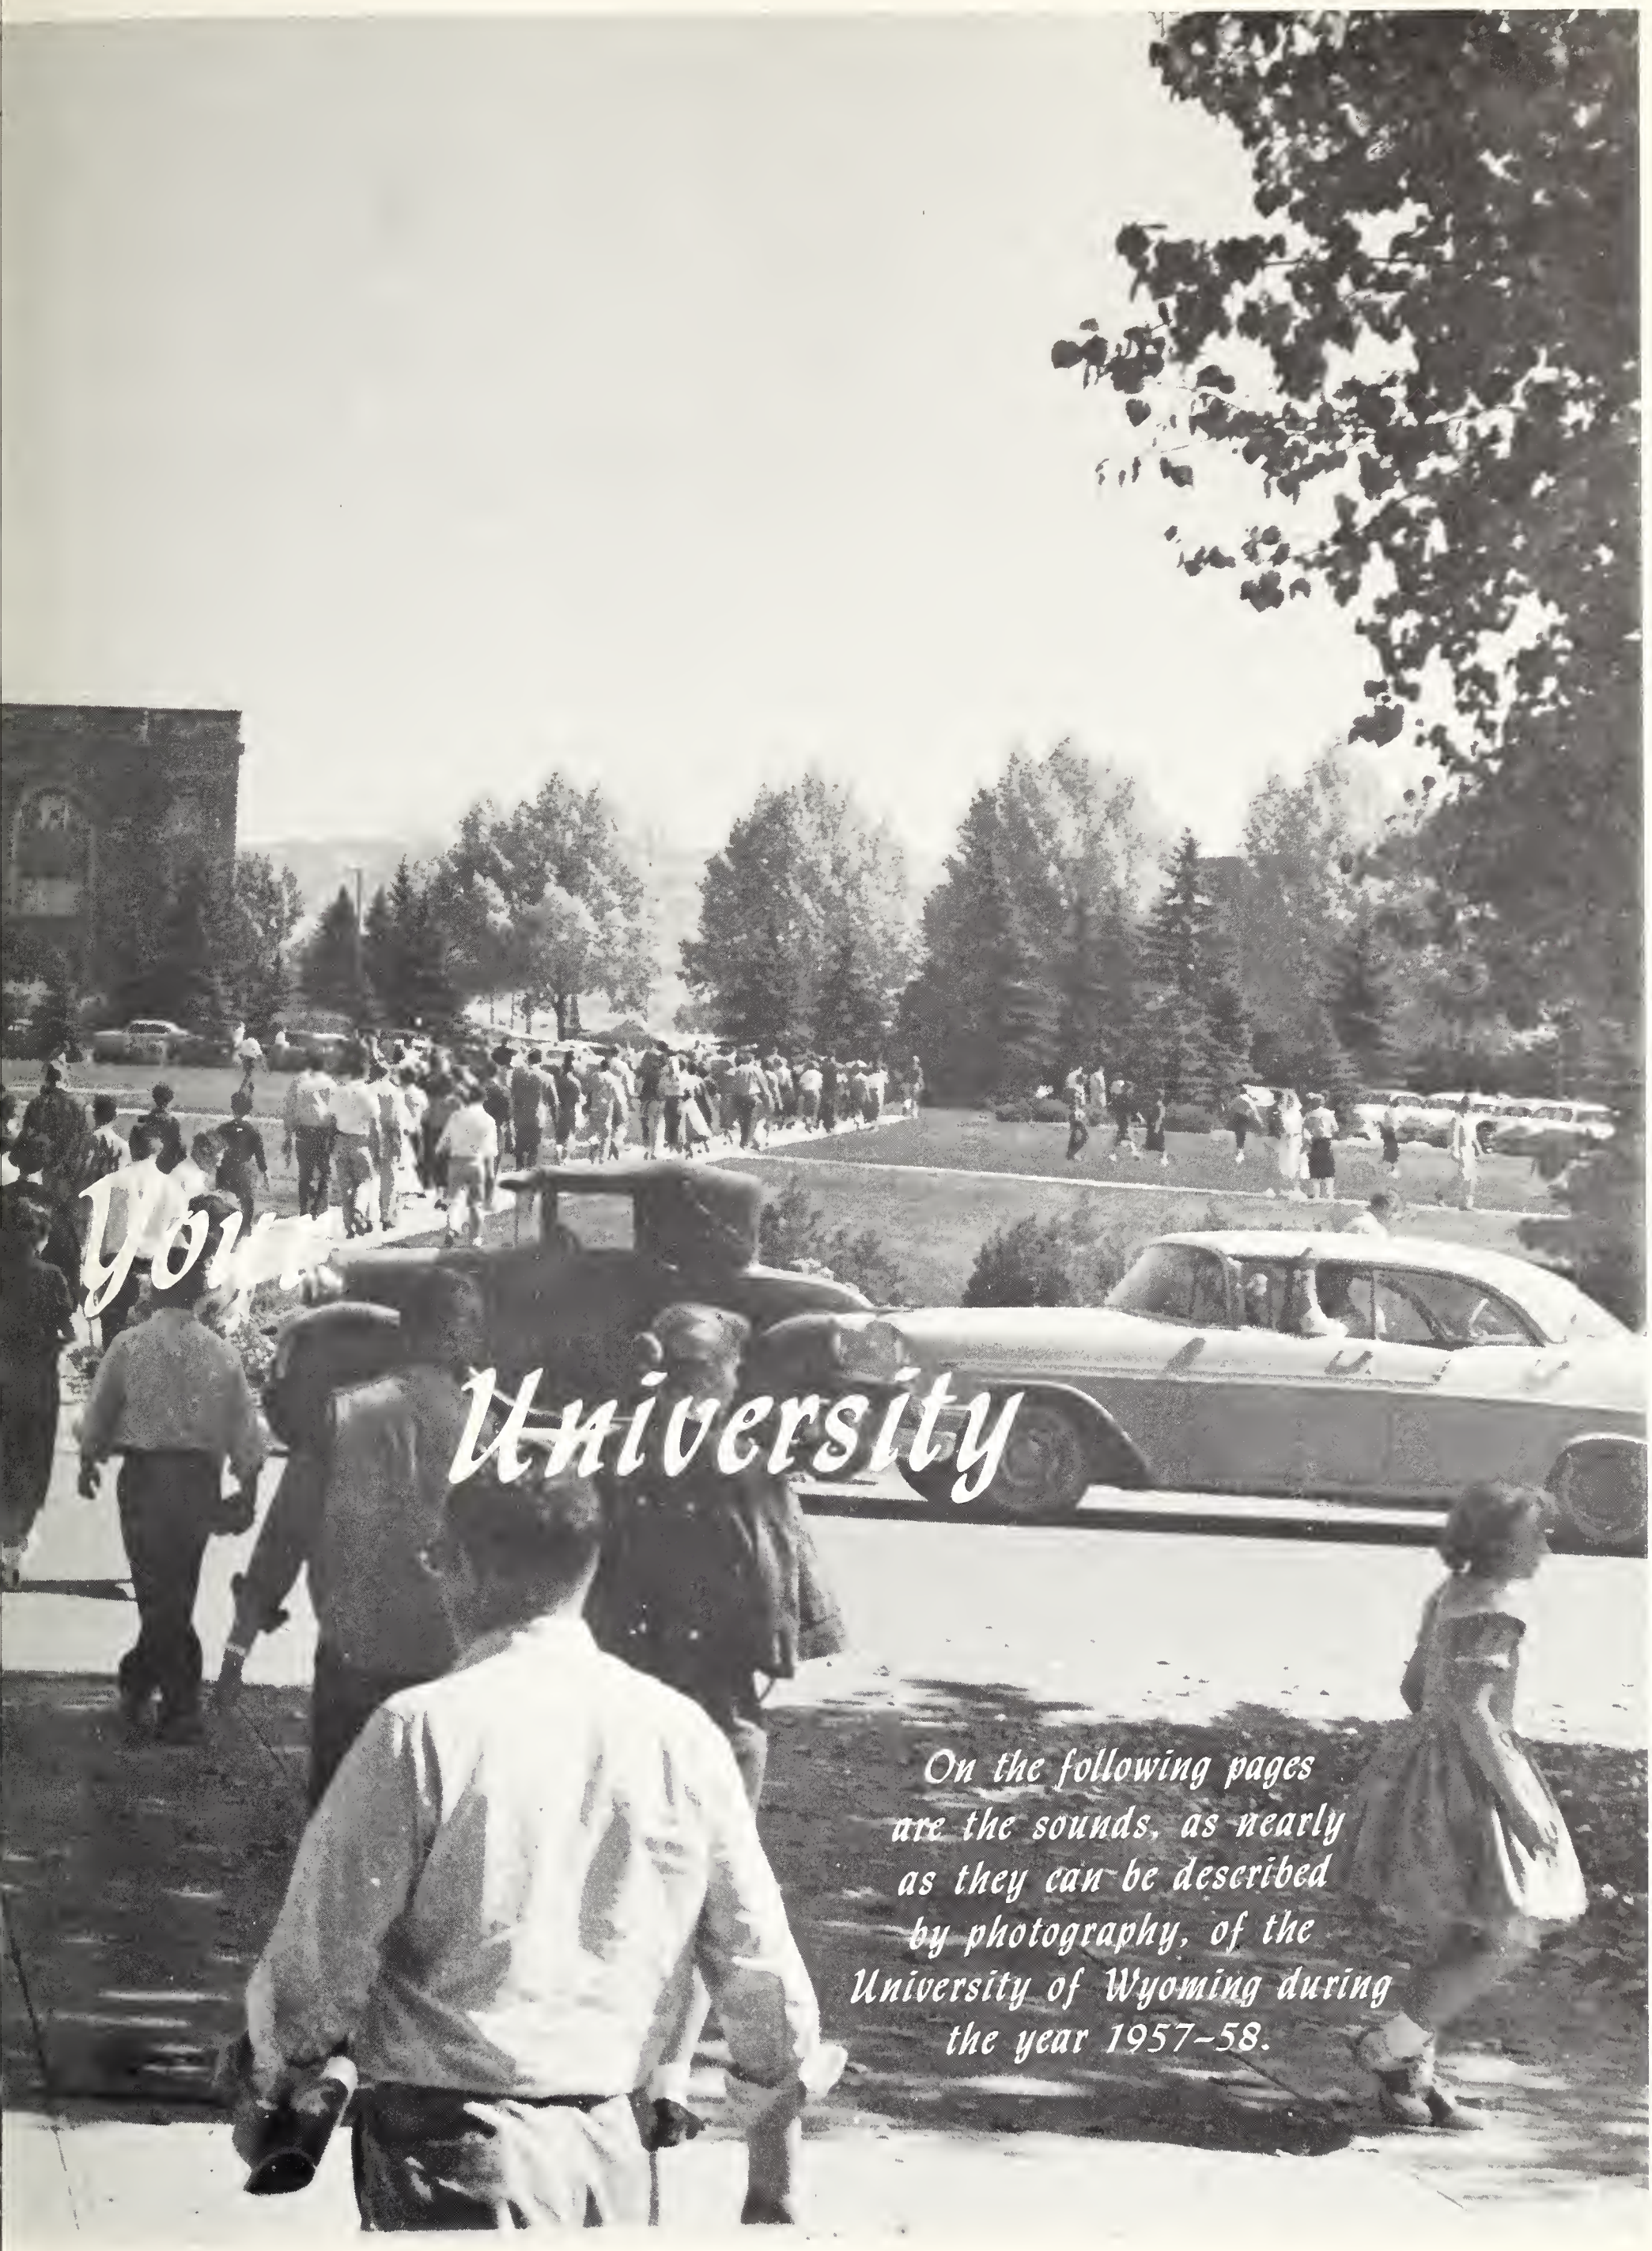
The
Sound
of



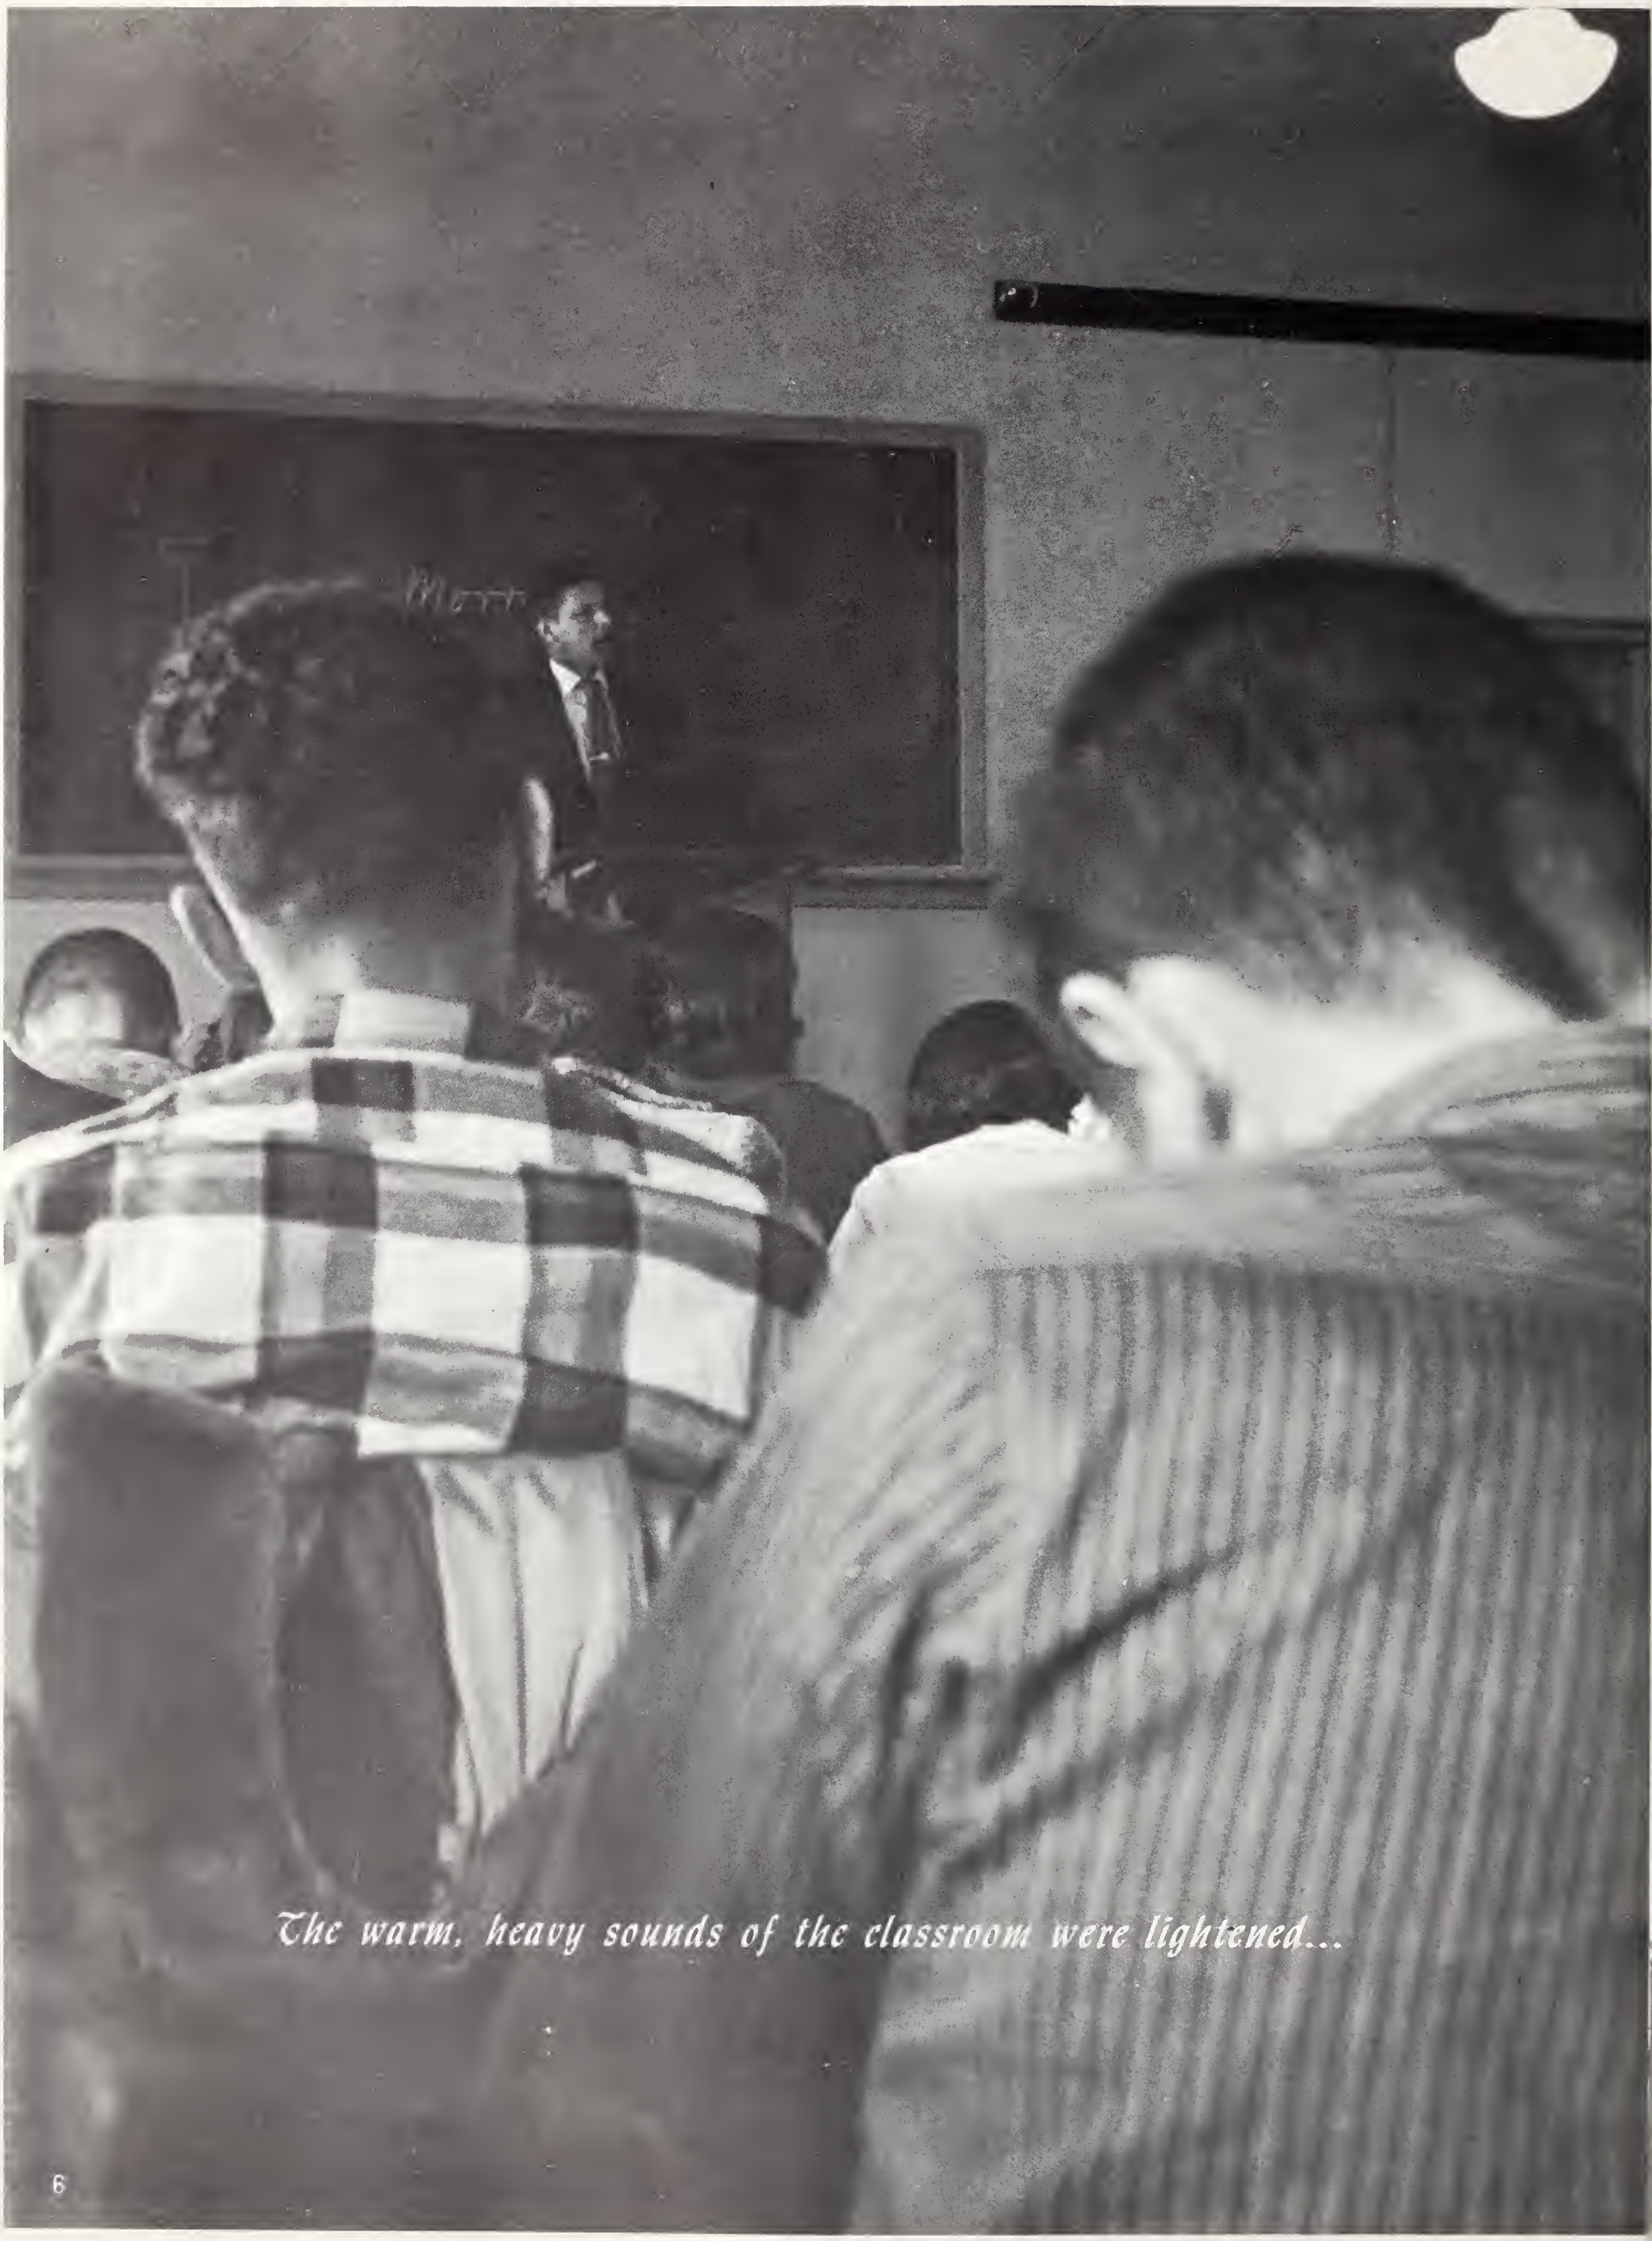
Your University

On the following pages are the sounds, as nearly as they can be described by photography, of the University of Wyoming during the year 1957–58.

School opened, literally, with a bang when the cannon signalled the first kick-off.

The roar of the happy crowd followed...

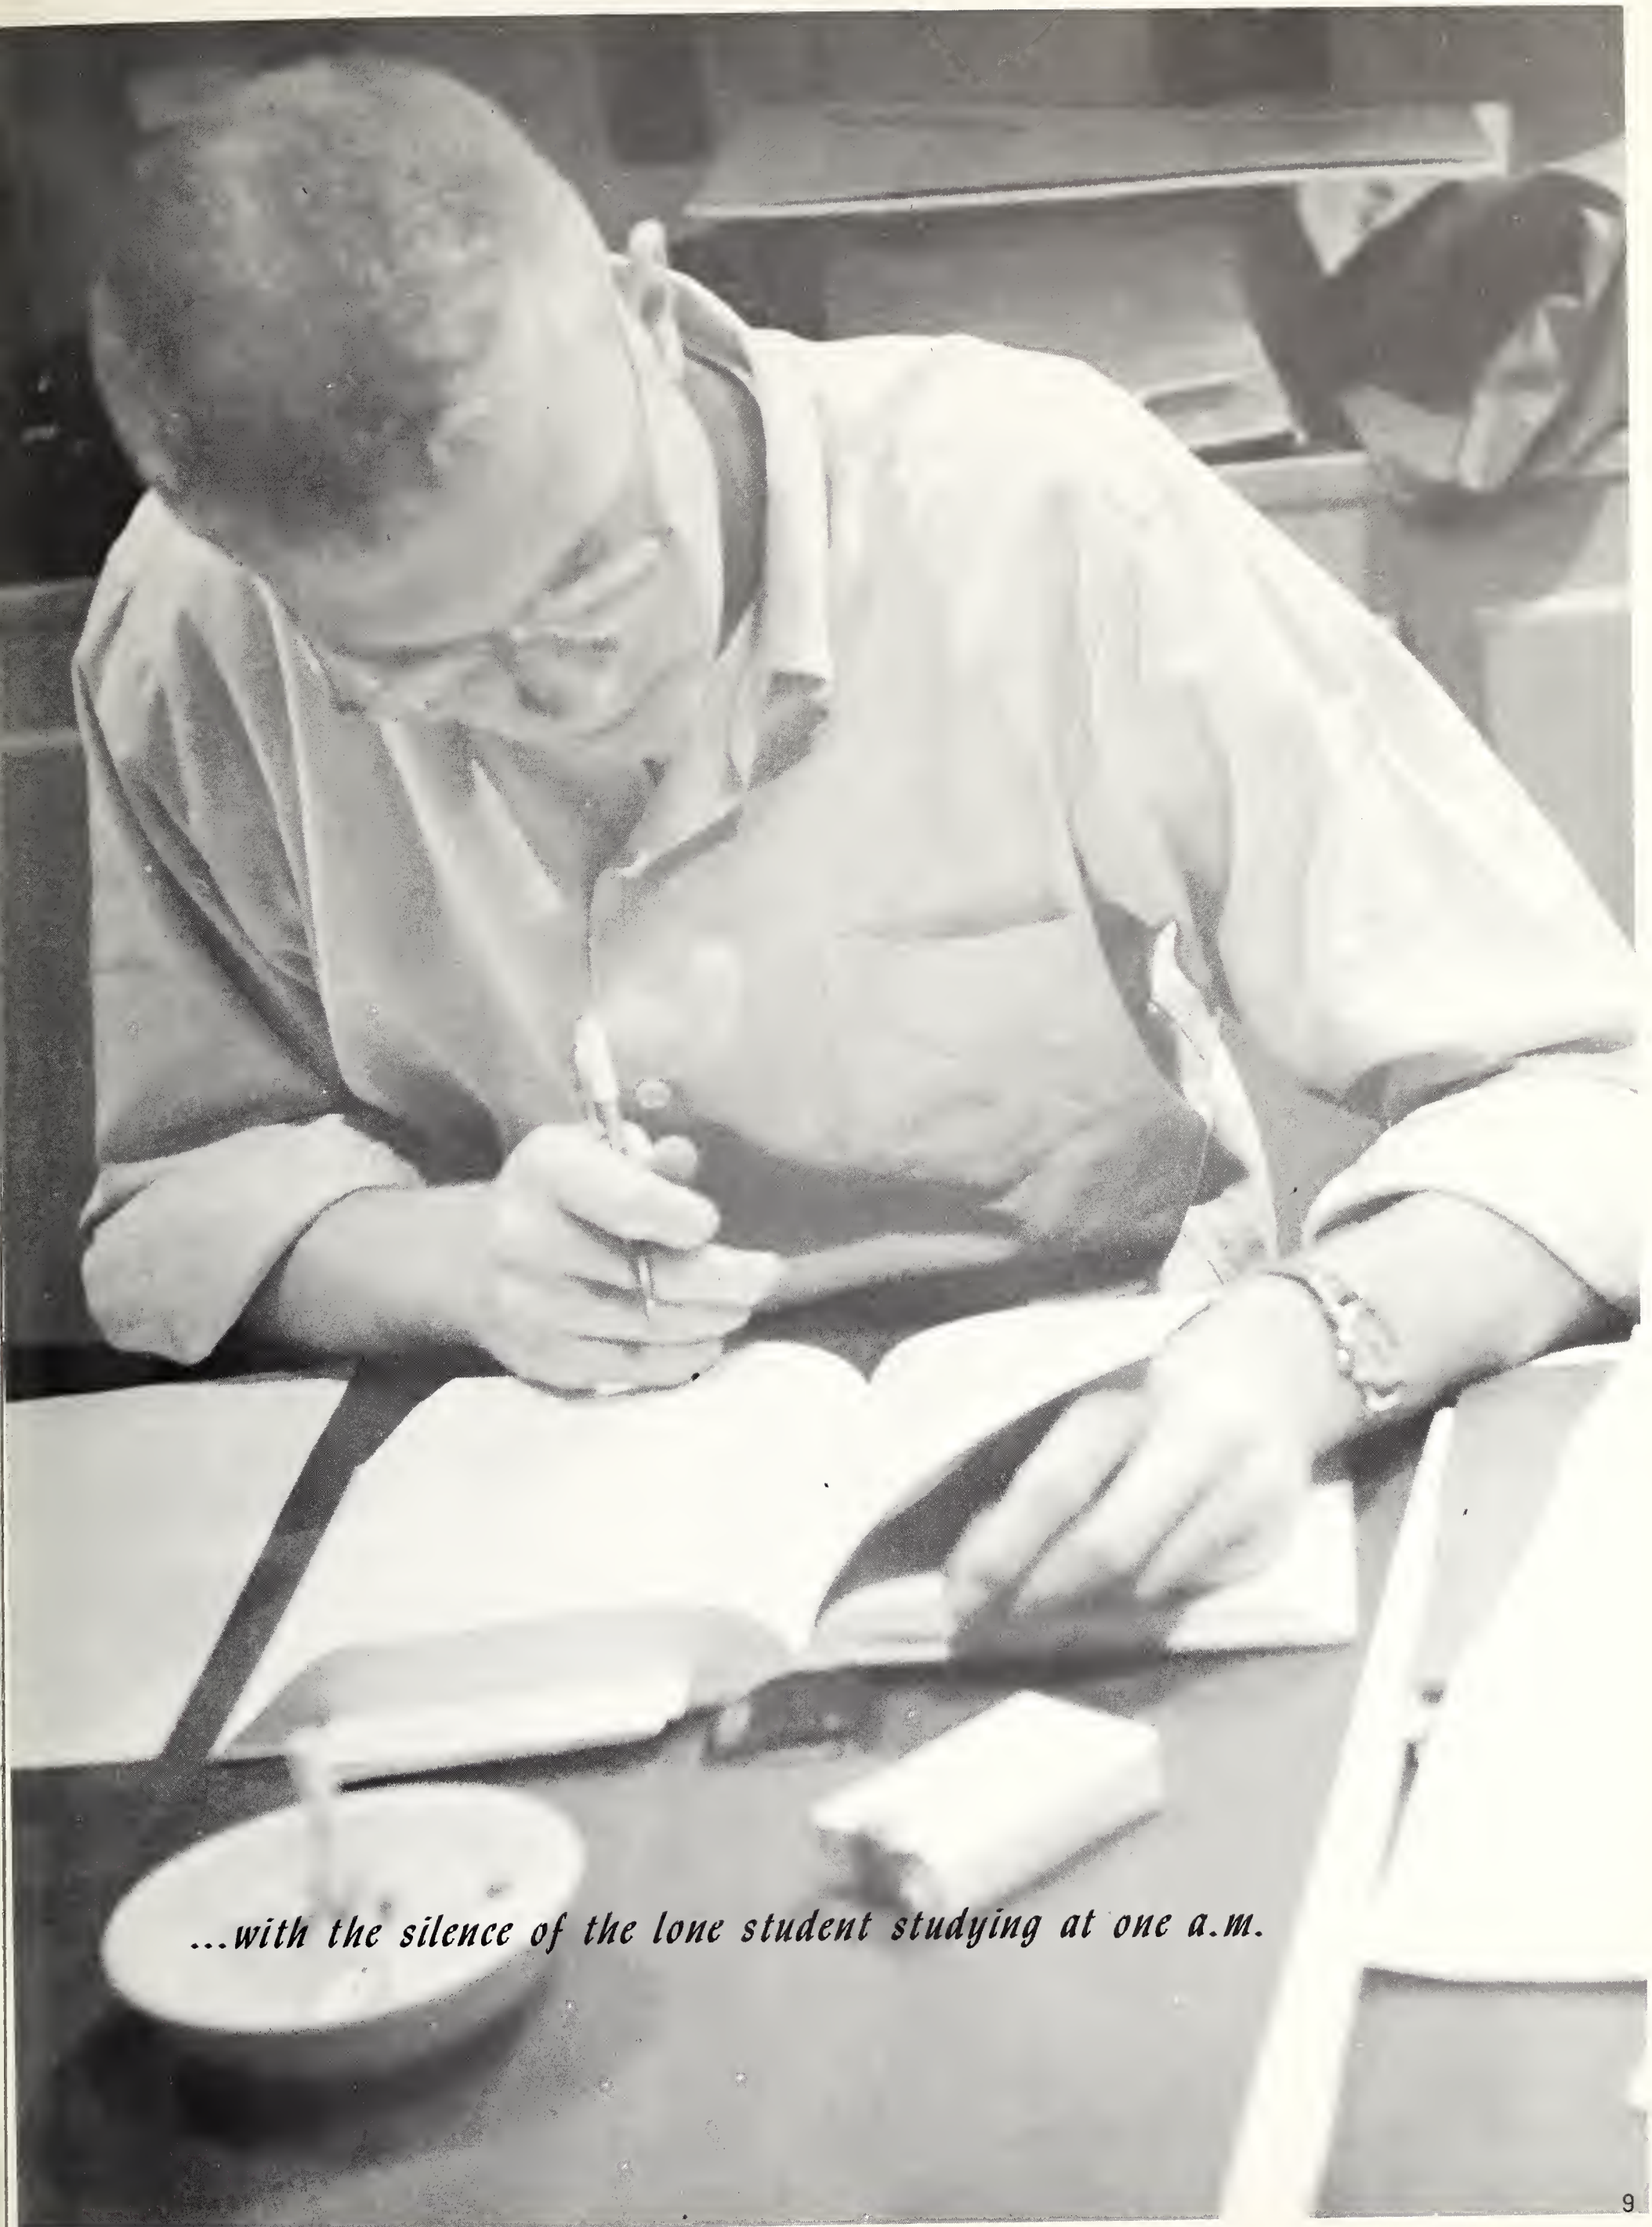
...and another year had begun. Some of the sounds soon became more sober, however, and contrasts appeared.



The warm, heavy sounds of the classroom were lightened...

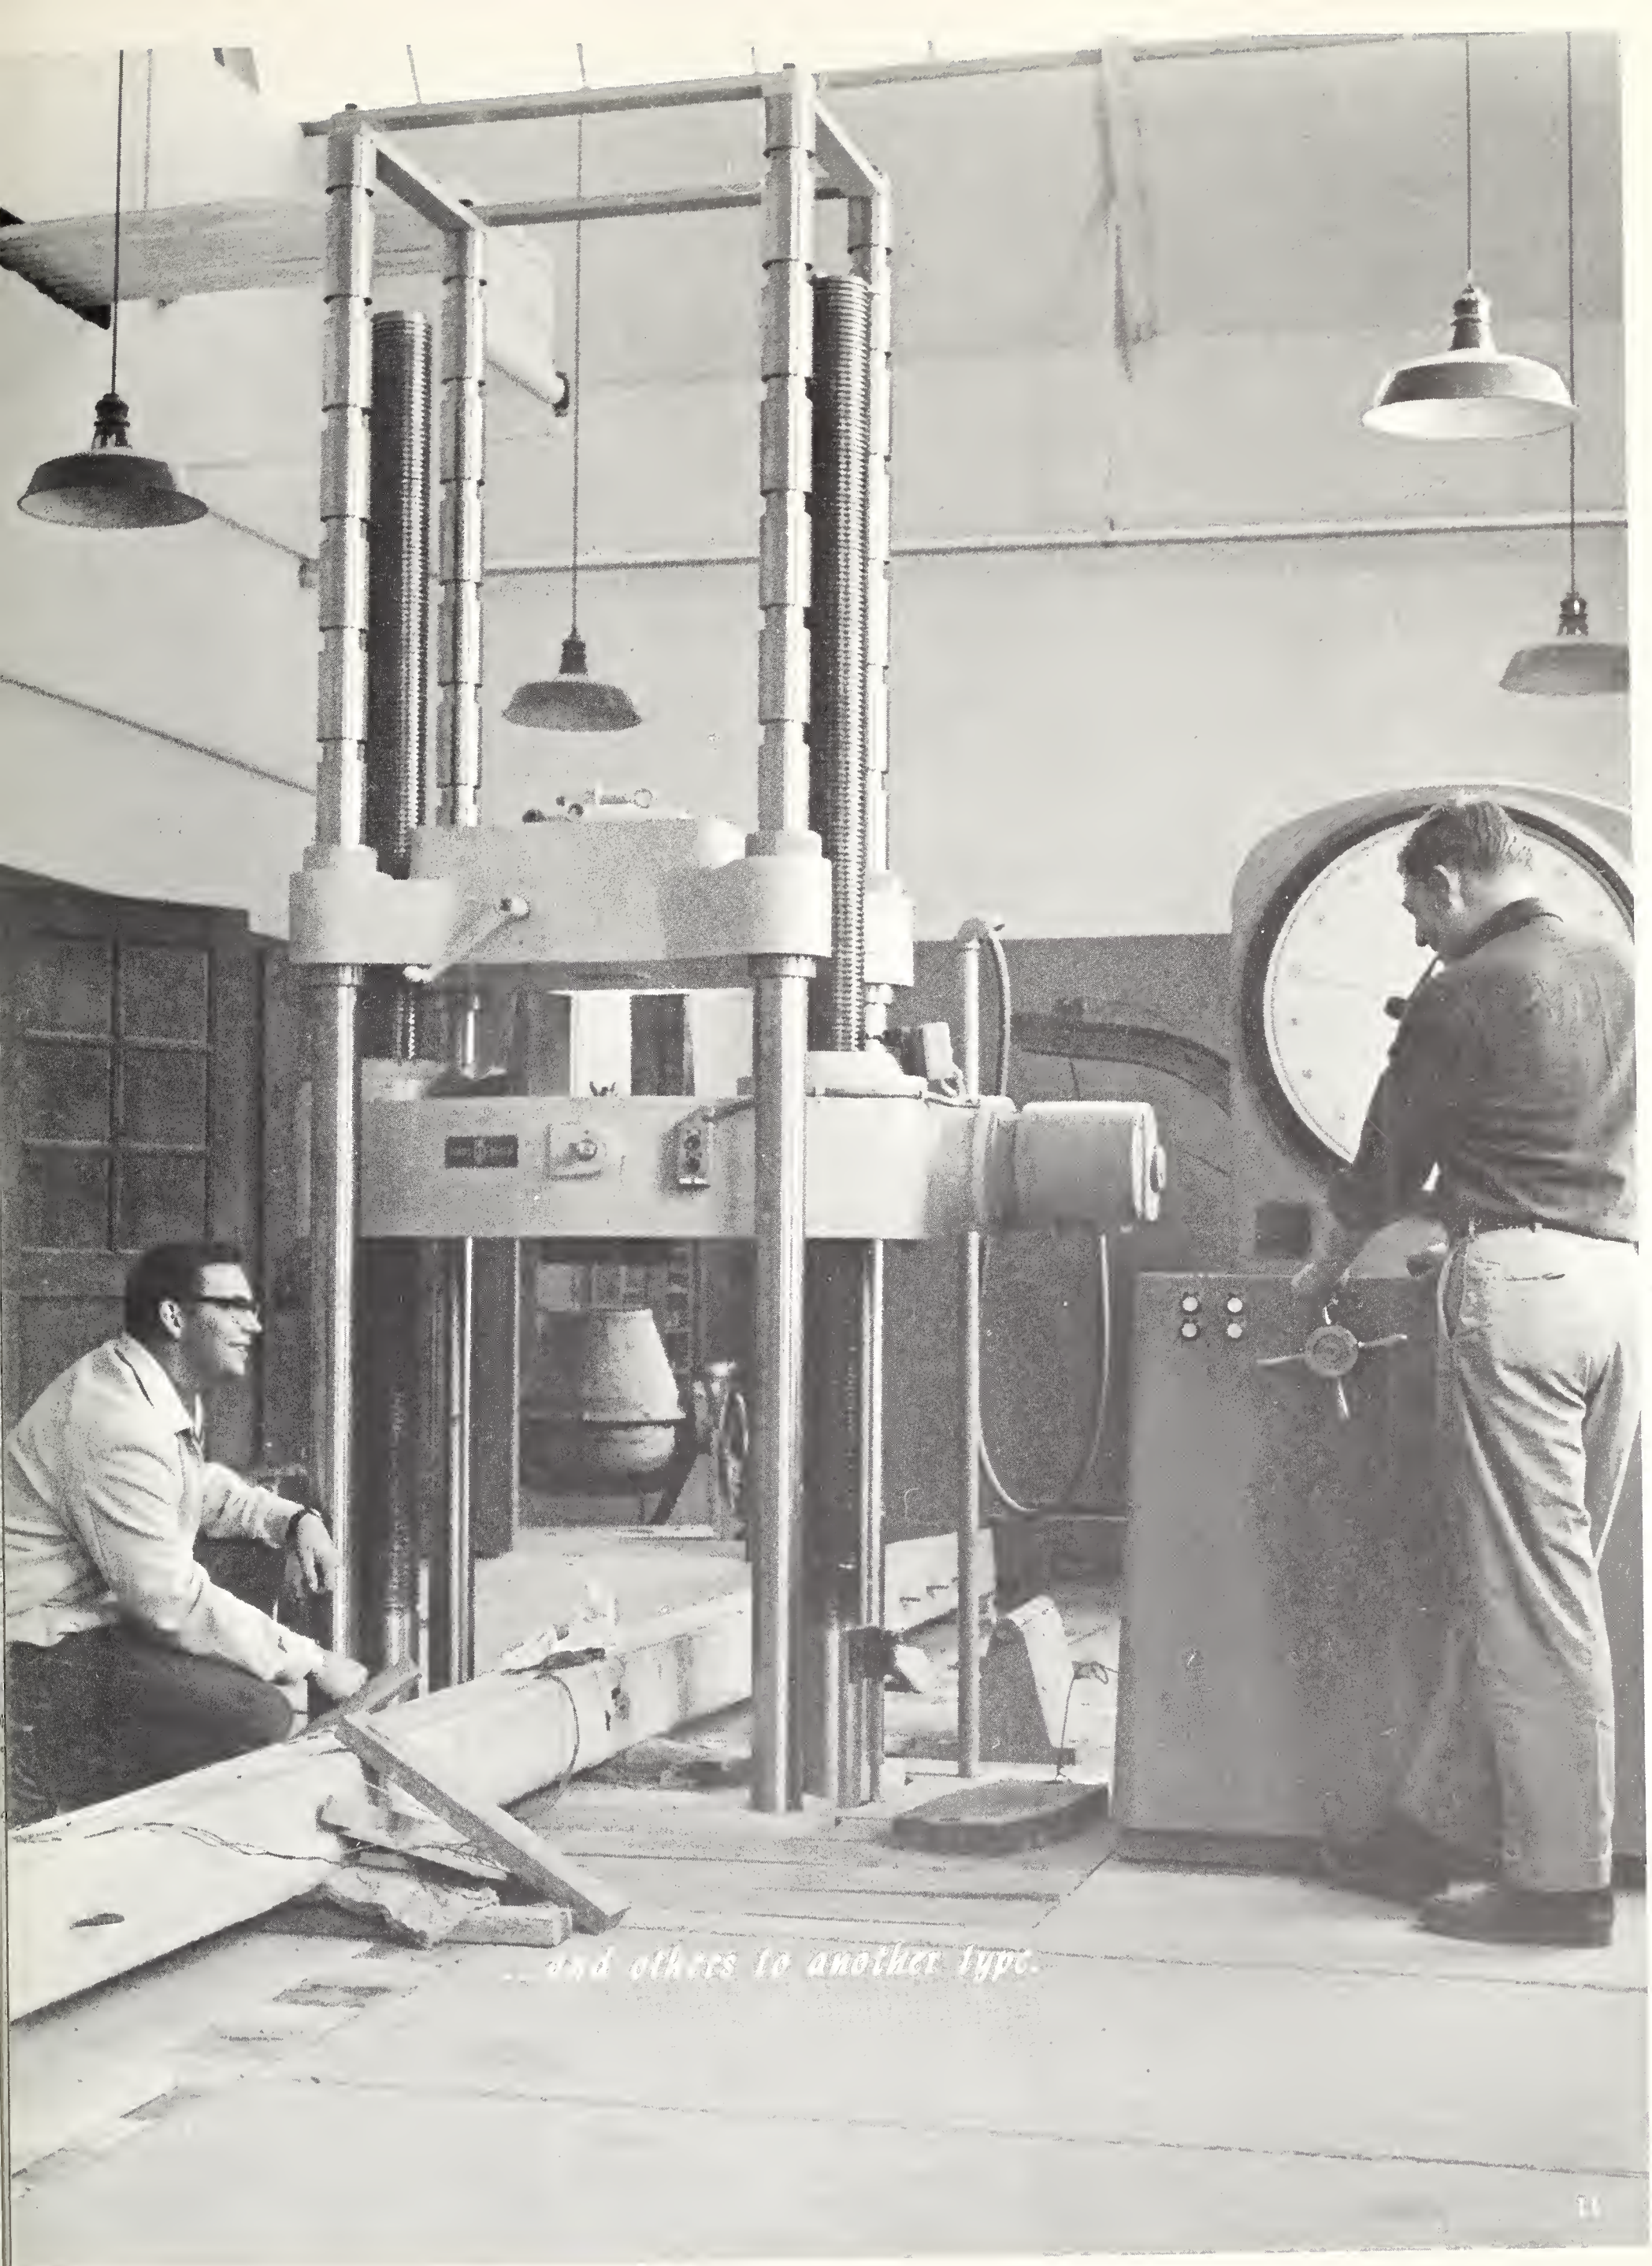
...by the laughter of a group over coffee.

The roar of the Union at ten a.m. contrasted sharply...



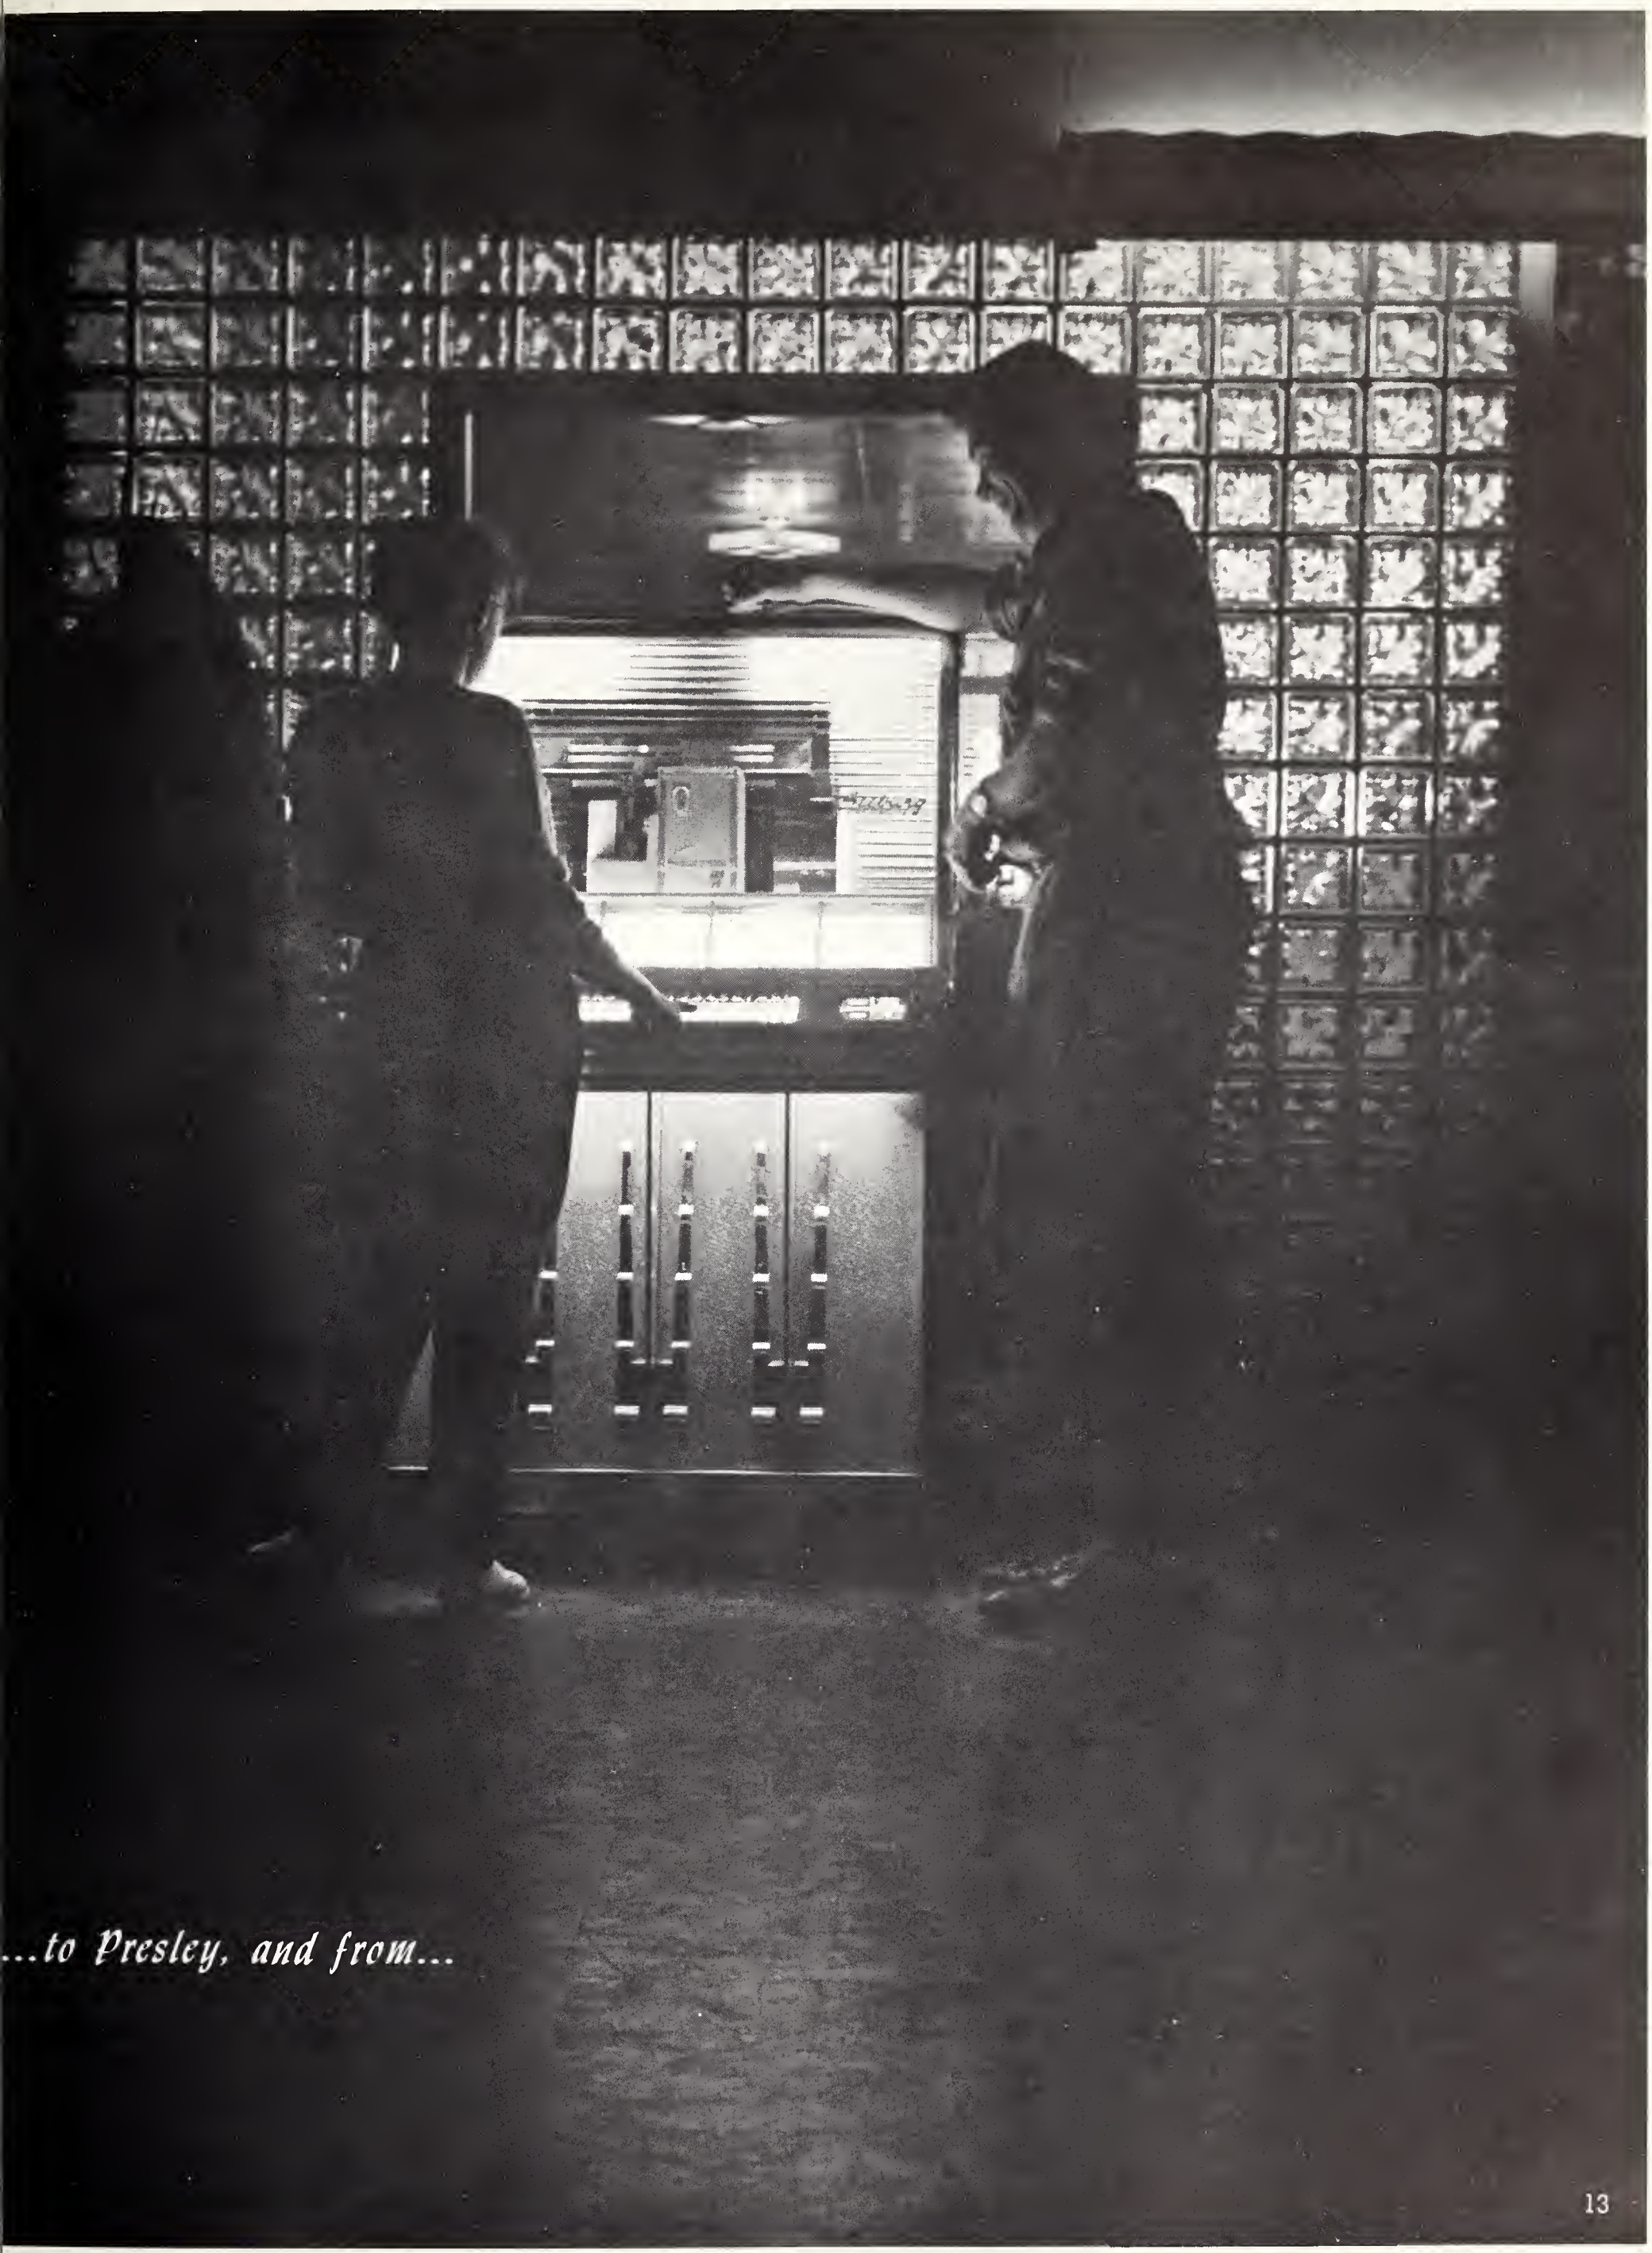
...with the silence of the lone student studying at one a.m.

Some became used to the sounds of one type of lab...



... and others to another type.

Music was everywhere. It varied from the sorority singing...



...to Presley, and from...

...Sachmo's jazz...

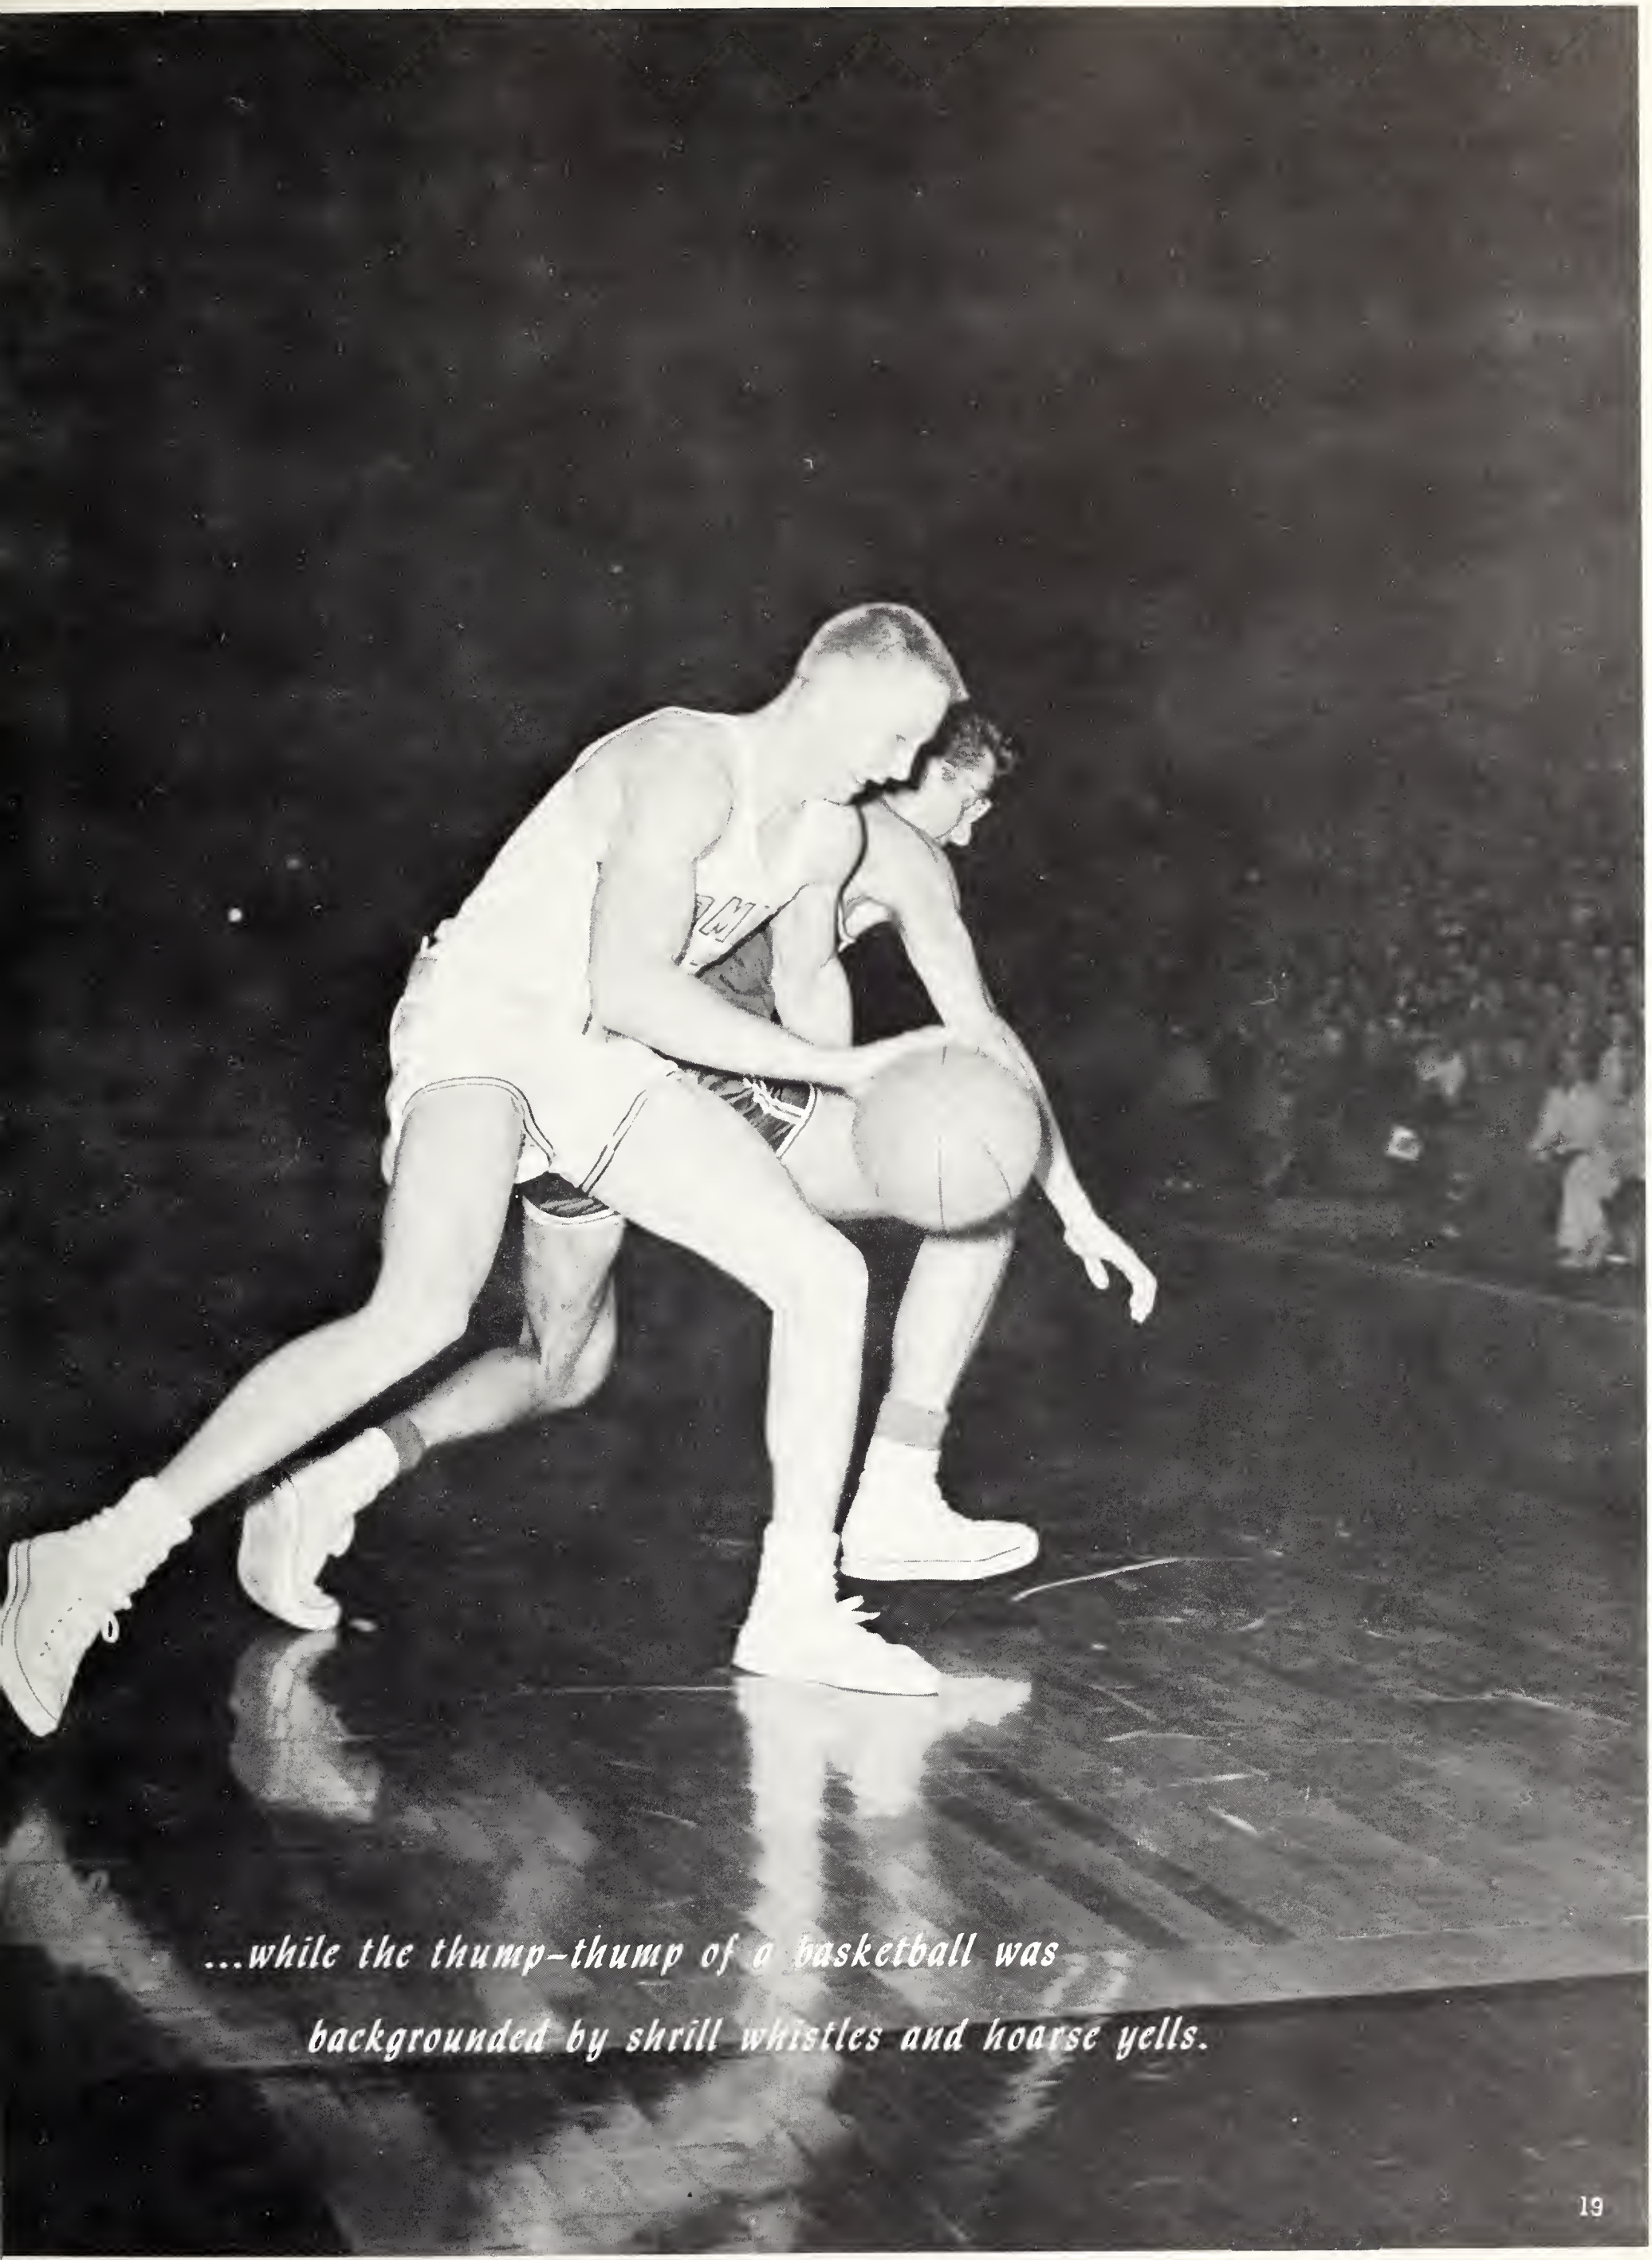
...to Beethoven.

The earthy humor around the card table contrasted with...

...light chit-chat of the [illegible] party.

From a play we heard, "Pain makes man think.

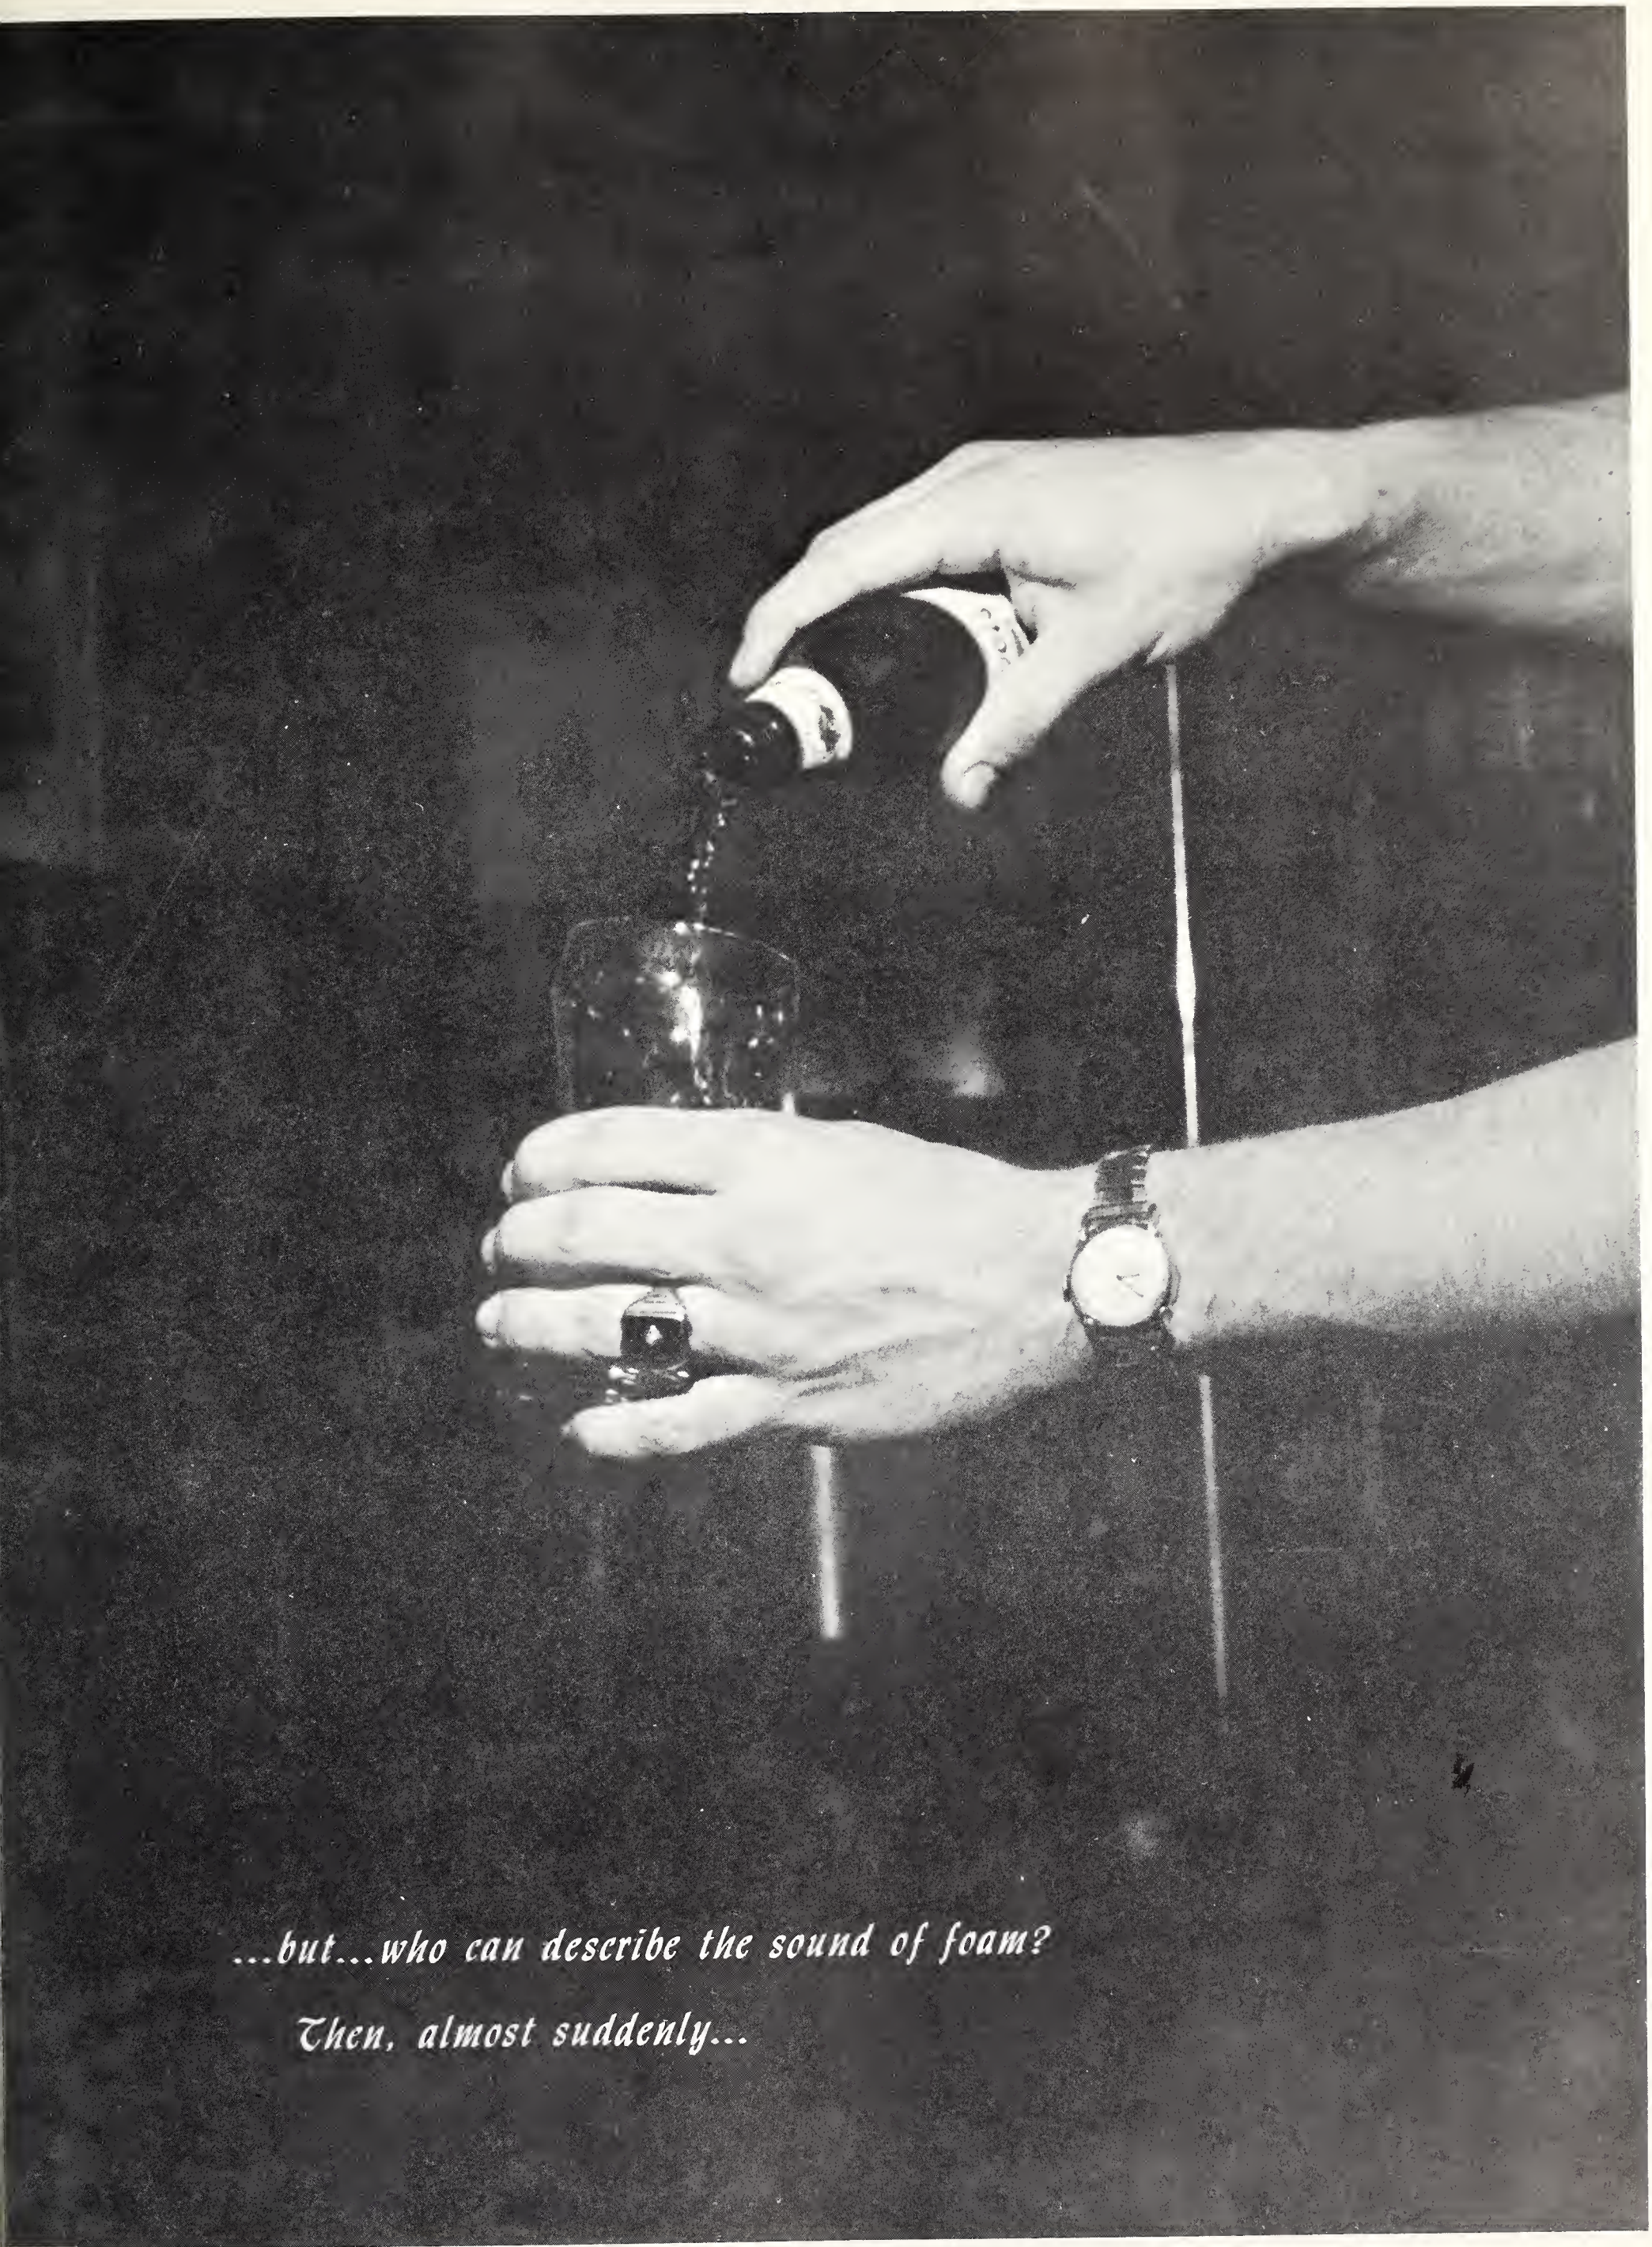
Thought makes man wise. Wisdom makes life endurable"...



...while the thump-thump of a basketball was

backgrounded by shrill whistles and hoarse yells.

There was "Phutt," and...



...but...who can describe the sound of foam?

Then, almost suddenly...

...the Alma Mater signaled the end of the year.

THE UNIVERSITY OF WYOMING

OFFICE OF THE PRESIDENT
OLD MAIN

LARAMIE, WYOMING

To the Students:

No period in American history has presented a greater challenge to its young people than the one in which we are now living. It is a privilege to be alive, to be an American, to be preparing for effective service in a world full of opportunity.

The advantages of a higher education have never before been made available to such large numbers of students as are today enrolled in the nation's colleges and universities. I congratulate you on your appreciation of the importance of a college education and your willingness to put forth the effort necessary to prepare yourself for the challenge of this age.

My best wishes to each of you for success in your preparation and in your chosen vocation or profession.

Sincerely yours,

G D Humphrey

Interfraternity Council

IFC is a group that represents all the fraternities on-campus. Three members from each group are on the council. Through these members fraternity rush week and a smoker were highly successful this year. They also sponsored a dance when the ugliest man on campus was selected. Morrison Heth was president this year.

Panhellenic Council

The Panhellenic Council is the governing body of the sororities on campus. The Council determines rushing rules, social functions, and approves prospective actives. Membership is made up of two actives from each sorority, an alumnae advisor from each group, and an overall advisor who this year was Mrs. Mildred Cowen. The president of the Council this year was Ruth Ann Bragg, Chi Omega. The office of president is passed on from one sorority to another each year.

AWS Board

The senior women's honor system adopted last year is one of the most successful projects initiated by the AWS Board. Representatives are selected for this board by each woman's organization on campus including the sorority houses and dorms. Each month an outstanding student of the University is honored as the "Student of the Month" for something outstanding he or she has done in the preceding month. "Coed Clues," the AWS handbook, is an indispensable item for each freshman (and upperclass) girl. Combining with Big Sisters, this organization sponsors "Little Sister Night" in the dorms where refreshments are served, entertainment is furnished, and the AWS test is given.

Homecoming

Mounting tension found its outlet as the 1957 Homecoming weekend enveloped the Wyoming campus. The traditional bonfire and pep rally ended with a snake dance through all the sorority and fraternity houses and men's and women's dorms.

The Tri Delts, Sigma Nus, and Lambda Delta Sigma gained top spots in the Iron Skull Sing held in the fieldhouse. After the Sing the announcement of Roberta Green, Pi Beta Phi, as Homecoming Queen and Edo Hanna, Kappa Kappa Gamma, as her attendant was heralded with shouting and applause from the massive audience. The two finalists had just finished a week's tour of the state. They were escorted by the Ag. and Home Ec Clubs.

UW oustanding Army ROTC men make-up this group. These fellows rank high in scholarship and show a definite potential for military leadership. Their main goal is to promote interest in professional military service. Among their notable projects for each school year are the Military Ball, which they co-sponsor with Arnold Air Society, and the traditional flag-raising ceremonies at each football game. Wyoming's new coach, Bob Devaney, showed the much talked about multiple-offense in the University's first game of the 1957 season. This was win number 12 for the Pokes and their third straight victory over the K-Staters. Wyoming grabbed a 12-7 first half lead and then sat on it in the final two periods, in frosty 44 degree weather which was made more unpleasant by occasional snow and 18 mile an hour winds. The first touchdown came when quarterback Larry Zowada sneaked across the goal from the half yard line ending a 95 yard drive staged by the Pokes. The second touchdown was made when captain Greg Maushart boomed over the goal line ending a 66 yard drive of the Pokes.

Wyoming 20 Montana 0

A 20-0 win over Montana at Billings registered Wyoming's 13th victory in a row since Jan. 2, 1956, its second this season of Devaney's head coaching tenure. At this point in the season Greg Maushart, fullback, was leading Wyoming in rushing with an average of 6.9 yards a play and was also leading in scoring with 12 points to his credit. Larry Zowada, quarterback, was leading the Pokes in passing with 287 yards. Zowada was also the leader in punting with an average of 43 yards a try. The game held at Daylis Stadium in Billings, was watched by a sell-out crowd of 8,000 football fans many of them from northern Wyoming.

An Aggie breaks away

Wyoming 19 Utah State 19

Wyoming and Utah State clashed for the fortieth time since 1903, when the teams first met in conference play and the battle resulted in a 19-19 tie. The Cowboys were disappointed in the performance of the left halfback play despite Jack Allen's 72-yard touchdown punt return on the scoring side of the game. It was a rainy day, as was the season as a whole, when the two rough teams met in Laramie. Despite the slippery ball and the muddy field the Pokes put on a great show for the fans who filled up nearly the whole stadium.

The Cowboys were in the midst of the best football record in the history of the school boasting 14 games won and one tied, after defeating the Aggies. The Pokes completely dominated the play throughout the game. The Cowboys ran up 254 yards on the ground, 63 yards in the air for a total of 317 yards; while CSU was held to 99 yards on the ground, 59 in the air for a total of 158 yards. The annual rivalry was dominated by halfback Jack Allen who gained 86 yards, halfback Harold Farmer who gained 70 yards, and quarterback Jerry Wilkinson who completed three out of five passes for 52 yards, one of which was a 30-yard touchdown toss to end Bob Marshall.

BYU 7 Wyoming 7

Wyoming's Homecoming game amounted to little more than 22 men slipping and sliding around in the mud trying to hold on to a pig-skin filled with air. The Cowboys escaped from their mud bath with minor bumps, bruises and some lime burns. This was the second tie for the Cowboys moving their wins to 13 and two ties. About the only Wyoming bright spot in the Homecoming game was the performance of halfback Harold Farmer. The scatback carried the ball 13 times during the afternoon and gathered up an amazing total of 107 yards, an average of 8.2 yards per carry. Despite the rain, fans were on their toes throughout the entire game filling the stadium with outstanding football spirit.

Utah 23 Wyoming 15

Bruised, battered and somewhat bewildered were the Pokes after their first loss of the season. The Cowboys came out of the game with a long list of injuries which put some of the Pokes out of play for the remainder of the season. The rough and tumble game against Utah put a total of nine players on the bench with a variety of injuries. Utah, sometimes referred to as one of Wyoming's tougher opponents, led the game in almost every column. The Cowboys went into the game sporting a 15 game winning streak and two ties. This was the 32nd meeting of the two teams. Utah has a large lead in the series with 24 wins, six losses, and one tie in 1920.

Once again the Cowboys battled hard only to be rewarded with their third tie of the season. The game was hampered by poor weather conditions including rain, snow, wind and very cool air. This third tie set up a new record for Wyoming football teams in the history of the game on this campus. Despite the weather the Academy Wing from Denver made the trip and put on an impressive show at halftime. Biggest statistical gains in the game were made by Bob Sawyer, who picked up 67 yards and by Rusty Mather, who grabbed four passes for 43 yards.

A powerful Oklahoma State eleven exploded for three touchdowns in the second period of play and added three more scores in the second half for a sweeping victory over the Cowboys from Laramie. The Cowboys from Stillwater were completely in command of the game throughout its entirety. The Cowboys from Laramie were held scoreless until the final 21 seconds of the game when a 43-yard pass play from quarterback Jerry Wilkinson to left halfback Gene Domalski clicked for Wyoming's lone six-pointer. The Pokes, using their multiple offense to perfection, rolled over the Lobos for a Skyline conference victory at Albuquerque. The Pokes scored again two and a half minutes later on a 25-yard pass from Zowada to end Wimp Hewgley. Denver won its victory with two minutes left to play in the game. DU quarterback Al Yanowich, fired a 49-yard pass to halfback George Colbert in the end zone. Denver, as it did in its controversial 6-3, 1955 win, snatched an almost certain victory away from the Cowboys in another storybook finish. Early in the first period Bob Sawyer took off down the sidelines on an uninterrupted 72-yard scoring trip. The second touchdown came in the last minutes of the fourth period when quarterback Larry Zowada pitched a 69-yard scoring pass to end Wimp Hewgley. For the second Thanksgiving in three years Wyoming had nothing to be thankful for.

The Sigma Nus can always be counted on for a busy and productive year. They started the year out right by winning first place in the Homecoming Sing with "There is Nothing Like a Dame" and "Some Enchanted Evening." The SNs were active in most phases of campus politics this year and had members in Student Senate and many other organizations. Scholarship wise the SNs were rated second on the campus and received recognition from the National SN fraternity. Outstanding SN is Robert Mahoney, a pharmacy graduate who is studying in Copenhagen, Denmark, on a Fulbright Scholarship. These fellows are well-known for their White Rose Formal and Chanticleer, the "blast" held every spring and considered a "dandy" by the whole campus. Chapter president was Karl Harper.

Swan Song

This book represents an effort that was characterized by as thorough a job of disorganization as could probably be achieved. There were misunderstandings, arguments, threats, time wasted, occasional work redone, deadlines missed, and, at times, almost tears. Most of the disorganization can be blamed on the editor, as he was repeatedly reminded of throughout the year, but while the situation wasn't ideal, it wasn't as bad as some staff members claimed when they were looking for excuses not to work.

The real trouble, however, lies deeper than staff disorganization. Simply stated, the ASUW has overextended itself in its yearbook publication. Most other schools that publish a yearbook the size of the Wyo (CU for example) have an enrollment, and a corresponding yearbook staff, that is three times the size of Wyoming's enrollment and yearbook staff. I don't feel that our present staff should be tripled, because there aren't enough people on campus that are interested, capable, and dependable enough to fill that many additional positions, but I do think that one of two other solutions will have to be used if Wyoming's yearbook is going to compete in quality with other schools. Either the Wyo is going to have to be cut down by 100 pages, or the existing staff salaries are going to have to be doubled, or even tripled, to make Wyo staff positions part-time jobs rather than extra-curricular activities. I think nearly every person on the staff found that they had taken on a much bigger job than they had bargained for, and that the money earned and satisfaction gained didn't come anywhere near making up for the time they had to spend and the responsibility they were expected to accept. This was especially true of the photographers. The Wyo should be given enough money to hire a part-time photographer that can be expected to work twelve to fifteen hours a week.

Now that the sob-story is finished, I'd like to issue the usual thanks to those individuals "without whose efforts this yearbook could never have been published." First thanks go to Assistant Editor Carole Donley and Business Manager Jeanne Slater. They were the other two of the four arms that an editor has to have to turn out one of these things. Organizations Editor Sarah Spann should receive all sorts of medals for the work she did on a job that offers unlimited opportunities to spend hours accomplishing nothing. An overall thanks to the rest of the staff. Some did all that was asked of them, some did less, and maybe one or two did more, but they all made a contribution. Final thanks to Newsfoto Publishing Co., and their representative, Tony Darnell. About all Tony did this year was take portraits, group shots, sports shots, develop some of our negatives, print some of the negatives we'd already developed, advise us on layout, yell at us when we missed deadlines, give us a dry shoulder to sob out our tales of woe upon, and come running whenever I yelled "Help!"
